R2V3 FACILITY MOVES – OUR LATEST WHITE PAPER

Facility moves represent the relocation of certified processes and systems from one address to another, not to be confused with the addition of new facilities or sites to an existing certificate. According to the current version of the Code of Practices (COP) for R2v3-certified organizations, facility moves require an audit of the new address before a revised certificate can be issued.

Explore our latest white paper to learn about R2v3 facility move requirements outlined in the current Code of Practices.

ISO/IEC 27001 Transition Deadline: October 31, 2025

Key Date to Remember:

October 31, 2025 – All ISO/IEC 27001:2013 certificates expire

PJR is here to support your transition every step of the way. Contact your scheduler today to book your transition audit and ensure your certification remains valid without interruption.

Having Trouble Scheduling Your ISO/IEC 27001 Transition Audit?

If your current certification body is unable to schedule your ISO/IEC 27001:2022 transition audit in time, Perry Johnson Registrars can help! We welcome new clients seeking to transfer their certification and will make every effort to get you scheduled before the October 31, 2025 deadline.

Don't risk a lapse in your certification! Contact PJR today to discuss transferring and securing your transition audit.

IN THE SPOTLIGHT : KENDRA ZELMER

We are proud to recognize Kendra Zelmer, Audit Program Coordinator, for her outstanding dedication! Ideal Innovations, Inc. recently showed their appreciation by sending a signed letter and personalized Certificate of Appreciation commending Kendra's "can-do, will-do attitude" and consistent professionalism. In the photo, Kendra is seen alongside PJR President Terry Boboige—celebrating a moment that reflects the high standards and client-first mindset she brings to her work every day.

We'd Love Your Feedback!

At Perry Johnson Registrars, we are always striving to provide the best service possible. If you have had a positive experience with us, would you take a moment to share your thoughts on Google? Your review not only helps us improve but also helps other organizations discover the value of certification with PJR.

CLIENT SPOTLIGHT: FLORIDA CIRCUIT

FLORIDA CIRCUIT
RAPID KITTING

For more than 25 years, Florida Circuit, LLC has been a trusted partner in the electronic components industry. Based in Sunrise, Florida, the company has built its reputation on reliability, quality, and a steadfast commitment to counterfeit prevention.

A Full-Service Resource

Founded in 2000, Florida Circuit operates as a full-service electronic component resource company, offering kitting solutions and complete outsourced procurement services. With extensive supplier relationships, deep industry knowledge, and advanced tools, Florida Circuit supports complex production demands while identifying opportunities for cost savings and efficiency.

With 2,880 customers served, 3,650 suppliers, over 300,000 line items shipped, and more than 288 million units delivered—all with zero counterfeit parts shipped—Florida Circuit has set a standard for responsible and reliable procurement.

Commitment to Quality and Certification

As an ISO 9001:2015 certified company, Florida Circuit has instilled strict quality disciplines across every facet of its operations. Certification has been a key driver in:

- Improving customer satisfaction and loyalty
- Boosting employee confidence and competency
- Enhancing product and service quality
- Increasing efficiency and reducing errors
- Minimizing risks across the supply chain

A Longstanding Partnership with PJR

Florida Circuit has partnered with Perry Johnson Registrars (PJR) since 2003. Over more than two decades, this relationship has supported the company's continued growth and reinforced its dedication to quality. "Our experience with PJR has been excellent," they shared.

"Certification has given Florida Circuit the tools and resources to uphold strict quality disciplines across all facets of our operation," Tad Deer, General Manager of Florida Circuit, noted.

What Sets Florida Circuit Apart

Florida Circuit's zero-counterfeit track record is one of its proudest achievements. The company has maintained this perfect record through:

- A rigorous Counterfeit Mitigation Policy, ensuring components are sourced only from trusted suppliers with proven records.
- In-House Inspection procedures aligned with the IDEA-STD-1010 standard, as referenced in SAE AS5553 and widely adopted by organizations such as NASA.

- Operating as an ESD-safe facility certified to ANSI/ESD S20.20-2021 standards.

- Access to qualified third-party testing labs for advanced inspection needs.

Above all, Florida Circuit remains vigilant in preventing the procurement, acceptance, or shipment of substandard, fraudulent, or counterfeit products.

Looking Ahead

With a philosophy rooted in continual improvement, Florida Circuit plans to continue expanding its services while maintaining its unwavering focus on quality assurance and reliability. As they celebrate 25 years in business, their goal remains clear: to deliver responsible procurement solutions that customers can trust.

JOB OPPORTUNITIES

Looking for a career in certification, auditing, or quality management? PJR is hiring! Join a global leader in third-party certification and make an impact helping organizations improve and grow.

✉ [Email our recruiting team for more information](#)

WITNESS AUDIT CANDIDATE OPPORTUNITIES

PJR is currently looking for an ISO/IEC 27001 certified client to serve as a witness audit candidate for ISO/IEC 27701 (Privacy Information Management). If you're a current ISMS client considering an expansion into privacy certification, this is a unique opportunity to take the next step.

PJR is seeking a candidate for an ISO 22301 (Business Continuity Management) witness audit. If your organization is ready to demonstrate its resilience and preparedness, now is a great time to explore certification with added support.

PJR Client Reminders

- **Rescheduling Audits & Scheduling Revisits:** It is imperative that the rescheduling of audits, scheduling of revisits, etc. are completed with your scheduler. This is especially important for audit scheduling or changes within 21 days of the intended audit date. Auditors will not accept audit dates or agree on new plans without your scheduler being involved. This helps prevent unnecessary fees, billing issues, F-27 delays, etc.

- **Company Contact Changes:** It is required that companies notify a PJR representative of any changes to your company contacts - for both audit scheduling and accounting purposes. Ensuring that our records are accurate helps us maintain effective communication and streamline our processes, minimizing any potential disruptions to our services.

If there have been any recent changes to your company contacts, or if you anticipate any upcoming changes, please inform your designated PJR representative as soon as possible

- **Updated Terms & Conditions:** Be sure to download the latest version of PJR's Terms and Conditions. The most up-to-date copy is always available on our Document Download (link: <https://www.pjr.com/registration-document-download>) page. Stay informed and stay compliant!

SAVE THE DATE FOR DECEMBER AUDITOR TRAINING

PJR Auditors: Save the date for our Annual Auditor Training & Holiday Gala – Friday, December 12, 2025 – a full day of professional development, training credit units, and opportunities to connect with fellow auditors and industry leaders.

Reach out to pjr@pjr.com for more information!

Upcoming Webinars

PJR continues to expand their webinar topics to include: “ISO 27001 Certification: Real Talk with PJR” & “Mastering Root Cause Analysis and Corrective Action”. Check out PJR's current webinar schedule at www.pjr.com/webinar. Registration is easy!

FROM FARM TO TABLE: THE STRENGTH OF ISO IN FOOD SAFETY

ISO certifications play a pivotal role in safeguarding what matters most, even our food. At Perry Johnson Registrars, Inc. (PJR), we bring rigorous standards to every step of the food journey, ensuring safety and quality from the farm to your table.

When it comes to protecting consumers and strengthening trust in the supply chain, FSSC 22000 stands out as a globally recognized framework for food safety management. These certifications provide organizations with the tools they need to prevent contamination, reduce risks, and maintain compliance across every link of production and distribution.

Who Benefits from FSSC 22000 Certification?

While FSSC 22000 is widely known for food manufacturing, its scope extends to a variety of organizations in the food ecosystem, including:

- Primary producers and farms
- Food and beverage manufacturers
- Packaging suppliers
- Transport and storage providers
- Catering and food service organizations

By implementing FSSC 22000, these organizations can demonstrate rigorous safety controls, improve operational efficiency, and gain global recognition for their commitment to protecting consumers.

Why Choose FSSC 22000 Certification with PJR?

- **A Comprehensive Framework** – Connects farms, production, processing, distribution, and support services through robust safety protocols.
- **Expert Audits** – Our experienced auditors help organizations identify risks and implement preventive measures.
- **Global Recognition** – Certifications demonstrate compliance with international food safety expectations, building trust with customers and business partners worldwide.

At PJR, our mission is to guide organizations of all types toward enhanced safety, reliability, and sustainability. Choosing FSSC 22000 certification is not just about regulatory compliance, it is a commitment to delivering safe, high-quality products and services at every level of the supply chain.

Protect what matters most. **Partner with PJR to achieve FSSC 22000 certification** and take the next step in advancing food safety and supply chain integrity.

LIFE AT PJR
